NATIVE PLANT KITS

BACKYARD PRAIRIE

Bring in a touch of tall, wild, native Minnesota prairie to your home. Designed to be planted in smaller, contained areas and is perfect for backyards in town or urban settings. Thrives in full sunlight or partial shade. Expect flowers in the Summer and into the Fall. This kit creates a habitat to attract varieties of pollinators, butterflies, and songbirds.

RUSTY PATCH BUMBLE BEE

This kit is designed to create a habitat for endangered Rusty Patched Bumble Bees. Consider planting in areas with mesic soil with large amounts of direct sunlight. Designed to have flowering species in all the bloom seasons and to contain flowers that are of high priority and "superfoods" for the Rusty Patched Bumble Bee.

MONARCH SPECIAL

Used for habitat enhancement and restoration. MNL's most diverse mix, with 40+ species of wildflowers including 3 or more in each bloom season: spring, summer, fall.

SHORT & TIDY

Perfect for small or preexisting ornamental flowerbeds, the short and tidy kit is designed with compact species that don't mind staying in one spot. Provides Spring and Summer blooms in a wide range of colors while providing habit for all types of pollinators, insect, and butterflies.

All plant kits come in trays of 36 plants.
Six XL plant plugs of six different species. Each plant is grown in a large 2 x 2.25 inch wide by 3 inch deep plug.
